ABOUT THE PRESS

Jules William Press is a small press devoted to publishing the best about the Viking Age, Old Norse, and the Atlantic and Northern European regions. Jules William Press was founded in 2013 to address the needs of modern students, teachers, and self-learners for accessible and affordable Old Norse texts. JWP began by publishing our Viking Language Series, which provides a modern course in Old Norse, with exercises and grammar that anyone can understand. This spirit motivates all of our publications, as we expand our catalogue to include Viking archeology and history, as well as Scandinavian historical fiction and our Saga Series.
